

IT'S TIME FOR PEACHES!

Smithville High School FFA is currently taking orders for Palisade Peaches from Colorado.

Early in the Spring of 2020, the thought of having a late summer Palisade Peach was diminished with a late frost. Black Bear Orchard had a killing frost and below freezing temperature that damaged their fruit crop and caused 80% crop loss. However, we have been notified that the orchard is going to be able to supply us with about 350 cases of peaches this year despite the crop loss. We are asking folks to limit their orders to 1 case per family to ensure everyone gets a chance to have a case of peaches. All proceeds go toward the Smithville MO FFA Chapter to help fund opportunities for its members to travel and participate in FFA activities.

--The peaches will arrive at their peak of ripeness, tentatively planned during the first week of September at Smithville R- II High School for pick up.

--You will be contacted 24 hours before they arrive so you can make arrangements to pick them up from the Ag. Department at Smithville High School.

--If you have any questions, contact Johnny Viebrock at: viebrocj@smithville.k12.mo.us or smithvillemoffa@gmail.com

Please complete the bottom portion of this flyer and return to your FFA member with Payment

Name- _____ FFA Member- _____

Address- _____

Phone Number- _____

Full Box - 18 lbs. \$36.00 x _____ = _____ (28 to 40 Peaches per case)
